OBJECTIVE

I am passionate about my work and determined to exceed company's target. Also aspire to reach a position where I can develop my skills and use them to contribute my part to society and environment.

EXPERIENCE

2017 - 2018 Mobile Application Development
Discretemics | Jabalpur M.P.

I worked at Discretemics as a Full-time employee. Developed various android applications and some in-house solutions during my work period. During this period I learned various technologies and their purpose to create an app that can be easily accessible as well as to keep it simple for user interaction.

- Researched and developed mobile apps to help users efficiently locate all types of services within immediate location.
- Created custom mobile applications using native technologies as per client specifications.
- Tested applications prior to final review to ensure that all issues were resolved in the most efficient manner.

EDUCATION

2013 - 2017 Gyan Ganga Institute of Technology & Sciences Jabalpur, M.P.
Bachelors of Computer Science & Engineering
Graduated with 7.10 CGPA

2009 - 2011 GGSK Higher Secondary School Jabalpur, M.P.
Completed Xth & XIIth from M.P. State Board Excellence with a score of 8.3 & 6.0 GPA respectively.

SKILLS

■ Java ■ PHP/MySQL ■ HTML/CSS/JavaScript ■ Networking

ACCOMPLISHMENTS

- Successfully created and published an Utility app on Google Play Store, which has over 1K downloads till date.
- Scored a total of 84.8% in Certified Ethical Hacking (CEH) organized by EC-Council in institute of Arizona Infotech, Pune.
- Also developed some in-house solutions for basic needs and utility.

CERTIFICATIONS

- Training certification on LAMP by Campus Corporate Center.
- Training certification on JAVA by Campus Corporate Center.
- Certification of Game Jam organized by Microsoft Student Partners (MSP).
- Took an Industrial Visit at HCL Technologies Limited, Gurgaon and Nainital.
- Certified Ethical Hacker (CEH) organized by EC-Council at Arizona Infotech, Pune.

PROJECTS

Project #1 : Pavitra Samadhi

Platform & Skills : Android SDK, Java, Php

Link: <https://play.google.com/store/apps/details?id=com.dm.app>

Description:

Pavitra Samadhi is a social religion app and is dedicated to Shri Dwarika Nath Shastri Maharaj Ji. The app includes various features regarding their photo galleries, Bhajans, Sacred voice and Live on stage performance.

Role:

- Involved in coding and development of GUI.

Project #2 : SSR Alumni

Platform & Skills : Android SDK, Java, Php

Link : <https://play.google.com/store/apps/details?id=com.dm.ssralumni>

Description:

An application dedicated to alumni of Sainik School, it has below features:

- Users can search contacts
- Users can register
- Modify their profile

Role:

Involved in coding and development of GUI.

Project #3 : Lab Management System

Platform & Skills : Android SDK, Java, Php

Link : <https://github.com/dedsec1911/LMS>

Description:

It's a management app designed for College/Universities to overcome the various on-going issues regarding Labs and Lecture halls inside the campus. This app provides user a interface where user can see all the Labs at a glance featuring state of the Lab whether it is occupied or vacant all in realtime. App consist of two login system i.e. one for Admin and other for regular users (Teachers/Lecturers). Also it has an inbuilt feature of chat conferencing room.

Role:

Involved in coding and development of GUI.

Project #4 : Android Keylogger (No Root)

Platform & Skills : Android SDK, Java, Php

Link : <https://dedsec1911.github.io/Keylogger.zip>

Description:

This app is a keylogger for non-rooted Android devices that logs view click, view focus, and text change events and sends the data to a remote server. It makes use of an Android accessibility service to read and extract info across apps. Root access is only used to automatically enable the service without the user's knowledge, but the keylogger will still work on unrooted devices if the user manually enables the accessibility service in the settings.

Role:

Involved in coding and development, server side configuration is performed by Discretemicsos.
